"People Working Together"

Paintsville Main Street, Inc. is a part of a national and state program to revitalize downtowns across America. Through the Kentucky Heritage Council's Main Street Program, our community will receive special assistance to help preserve and restore our historic commercial buildings in the central business district.

Our goals are to reinforce downtown as a community focal point, and to return it to a dynamic place where people want to gather and visit. Developed by the National Main Street Center, a division of the National Trust for Historic Preservation, the Kentucky Main Street Program is based on a four-point approach. The four components are: Organization, Promotion, Design and Economic Restructuring. The intent of this program is to encourage economic development and bring renewed strength to our downtowns within the context of historic preservation.

Paintsville Main Street, Inc. is a non-profit program that is locally initiated, guided and implemented. We need your support and participation to succeed.

Sincerely,

Director
